# Program

Thursday 14 April

## *General Introduction Session*

- 0945-1000 Welcome by organizer committee Lausanne  
1000-1030 State-of-the-art Biodetectors  
(Prof. Brouwer, BDS, NL)
- 1030-1045 **Coffee Break and Poster Session**  
**1045-1115** *In vitro* toxicology tools (S Coecke, ECVAM)  
1115-1230 Open for call  
**1230-1330** **Lunch and Poster Session**

## *Application of Bioassays in food safety context*

- 1330-1350 Multidisciplinary approach for food packaging safety  
Maricel Marin-Kuan (Nestlé Research Center, CH)
- 1350-1410 Endocrine active substances in toys (J Kirchnawy, OFI)  
1410-1430 Open for call  
**1430-1500** **Coffee Break and Poster Session**  
**1500-1520** **Open for call**

## *Application of Bioassays in occupational health*

- 1520-1600 ToxPro/Institut (Vincent and Lucie)  
1600-1620 **Open for call**  
1620-1640 **Open for call**  
1640-1650 Wrap-up  
1700-1800 Aperitif / Lab demo Lausanne  
1900 Gala dinner with all participants

## Social event

*A typical Swiss evening in  
a great location*

# Program

Friday 15 April

## *Contribution of biodetection for safety assessment*

- 0900-0915 Introduction (Vincent Perret, TOXPro)  
0915-0945 *In vitro* toxicology/biodetection risk assessment  
Benoît Schilter (Nestlé Research Center, CH)  
Representative Regulatory Institution?
- 0945-1000 **Coffee Break and Poster Session**  
**1000-1015** **Coffee Break and Poster Session**  
1015-1030 Toxicity Profiling of Aromatic Amines (Prof. Steinberg,  
TiHo Hannover, D)
- 1015-1200 Open for call  
**1200-1300** **Lunch Poster visit**

## *Application of biodetection for environmental issues*

- 1300-1320 EDC monitoring & water quality management (R Kase  
(Oekotoxzentrum Eawag)
- 1320-1340 CALUX update/ users world (P. Behnisch, BDS, NL)  
1340-1400 Open for call  
1400-1430 **Coffee Break and Poster Session**

## *Science Café*

- 1430-1600** **Round Tables with all participants with relevant  
issues**
- 1600-1630 Wrap-up conference

Social event for those staying in Lausanne

## *Organizing committee:*

*Maricel Marin-Kuan - Nestle Research Center- Switzerland  
Benoît Schilter -Nestle Research Center- Switzerland  
Vincent Perret - TOXpro Occupational & Industrial toxicology  
services- Switzerland  
Lucie Dubugnon- Cheminal Clinical Institut- Switzerland  
Peter Behnisch- BioDetections System-Netherlands*
